## Fire Corresponds to energy.

Create energy around your clientele continuously with your spectacular Montigo Fireplace. From stadiums to shopping centers to casinos, a fireplace in these high traffic areas require a spectacular fireplace design that must be safe. With COOL-Pack or Power COOL-Pack you can provide visual excitement without concerns of hot glass temperatures, especially in spaces where children or the elderly may come into contact with the fireplace glass. Montigo makes it easy to create the appropriate application for your site. With Venting capabilities up to 550ft and multiple air intake location options to provide you with flexibility.
