BETWEEN MONTIGO AND THE COMPETITION, THERE’S A CLEAR DISTINCTION

THE PERFECT COMBINATION OF PERFORMANCE AND DESIGN

Available in single sided and see through configurations, every size in the Distinction lineup comes standard with LED lighting, fan kit, and a full function Proflame 2 remote control. The stunning flame is further enhanced with the addition of a non-intrusive Invisimesh screen, reflective glass panels and the convenience of a 30% turndown. For further heat control, we recommend our full range of Cool Wall kits, which are compatible with every configuration of the Distinction series.

Cool Wall Advantage
Diverting heat away from the wall, keeping your tv or artwork safe

Cool Wall Advantage TV and sidewall kit plenums are finished with aluminum and are ready to match any interior with your choice of high temperature paint.

TV kits include
- Louver
- Plenum
- Collars
- Requires flex venting

Sidewall kits include
- 2 Louvers
- 2 Plenums
- Collars
- Requires flex venting

TV KIT CODES
- 36" WALL KIT / HDKPD36
- 48" WALL KIT / HDKPD48
- 63" WALL KIT / HDKPD63
- 72" WALL KIT / HDKPD72

SIDEWALL KIT CODES
- HOR. WALL KIT / HDKSD
- VER. WALL KIT / HDKSVD
190°F / 87°C Heat Vent
Heat is diverted through the Cool Wall Advantage kit, safely bypassing the space above the fireplace.

100°F / 38°C Cool Wall*
Wall temperature is cool, creating an area safer for mounting a TV, or hanging artwork.

550°F / 287°C Glass
Reduced glass temperature, combined with the provided screen creates a safe viewing area.

* 100°F / 38°C temperature taken at 30” above fireplace opening
See Montigo price pages for exact ordering codes and quantities needed.

Speckled stones and driftwood not available on all units, see price pages for details.

**Legend**

1. Floor structure
2. Non-combustible metal framing (not used on 36, 48"
3. Fireplace platform
4. Concrete board
5. Cool Wall Advantage opening
6. 2x4 on edge
7. Main vent
8. 5" venting

See through version includes two sets of non combustible framing and concrete board.

36" and 48" version does not include non combustible framing kit

Chase venting is needed for safe operation of the unit, see instruction manual for detailed instructions

Minimum distance from unit base to ceiling is 89".
1976: The Days Before Gas Fireplaces

In 1976, Montigo president and founder, Dan Binzer, started installing zero-clearance wood burning fireplaces for local builders in Vancouver, BC. Over the years, demand grew for a gas alternative, and Dan engineered and manufactured the first ever sandpan logset. The logset was installed in a zero-clearance wood burning fireplaces shell, resulting in one of the first zero-clearance gas fireplaces on the market.

1985: Gas Fireplace Manufacturing Begins

Demand for gas grew rapidly, especially among multi-unit developments so Dan Binzer started a company called Canadian Heating that would offer full service design, engineering and manufacturing for gas fireplaces. Under the Montigo brand, Canadian Heating began manufacturing and selling a wide variety of zero-clearance gas fireplaces throughout Canada and in 1985 development began for the latest and greatest in gas fireplace technology – direct venting.

1994: Manufacturing Excellence is Achieved

Development and advancement of the gas fireplace continued over the years with continual developments to improve the efficiency of the fireplaces and perfected manufacturing processes to deliver an optimum fireplace each and every time – even for completely custom units.

Present: Leading the Way with Modern Fireplace Design

As one of the first to bring a linear designed fireplace to market, Montigo now offers the largest selection of linear fireplaces demanded by designers, architects and homeowners wanting to create a modern and contemporary space and homeowners wanting to create a modern and contemporary space.

Our Guarantee

Montigo® stands behind the craftsmanship and durability of our products by providing a 15 year warranty on the burner and firebox in all our residential fireplaces. All made using steel milled in the United States.

WARNING

Some materials used in the manufacturing process of this product can expose you to Benzene which is known in the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65warnings.ca.gov
